## About Me

Hello! My name is Krishnika D, and I'm pursuing BSc majoring in Computer Science at A.V.P College of Arts and Science, Tirupur.

I'm passionate about software development and its potential to transform industries and improve lives. Outside of academics, I enjoy writing and volunteering for social causes that promote education and equality

My career goal is to become a skilled web developer, specializing in front-end development and user experience design. I've gained hands-on experience in web development by building personal projects and contributing to open-source repositories, and I've developed skills in HTML, CSS, and JavaScript.

I'm excited to continue learning and growing as a professional. Feel free to connect with me through [krishnikad95@gmail.com](mailto:krishnikad95@gmail.com)
